GOVERNOR GRATEFUL

JAMACIAN EXECUTIVE SENDS
THANKS FOR AID EXTENDED
BY UNITED STATES.

REFUGEES ARE INDIGNANT

CONDEMN THE INACTIVITY OF
THE BRITISH AUTHORITIES
AT KINGSTON.

Washington, Jan. 23.—An expression of gratitude from Governor Swettenham of Jamaica for the sympathy and aid extended by the United States to the victims of the disaster on that island, the publication of the text of a graceful note from Esme Howard, the British charge here, conveying the regrets of Sir Edward Grey, the British principal secretary of state, on account of the incident, and a cable report from American Vice Consul Orrett at Kingston were among the day's developments in the now famous controversy between the governor and Rear Admiral Davis, commanding the relief squadron which went to Kingston. While Governor Swettenham's message is couched in the most polite terms, the British authorities, nevertheless, are not through with the matter as far as the governor is concerned. In his letter, Mr. Howard takes occasion to inform this government that his majesty's government is causing official inquiries to be made as to the authenticity of the letter credited to Governor Swettenham.

An interesting chapter was admitted to the case when it became known that on Jan. 20, after Admiral Davis and his ships had sailed from Kingston, Brigadier General Wint, commanding the army of pacification in Cuba, on the request of the acting British minister at Havana, transmitted through Governor Magoon, had sent to Kingston five hospital tents and flies, twenty-eight wall tents and flies, and fifty-two conical wall tents, all complete. These had been reported by the British authorities as urgently required. Secretary Taft was prompt to give his approval upon his arrival here from South Carolina, and it is understood the tents are now on their way to Kingston.

Vice Consul Orrett reported another shock Tuesday. In response to specific inquiries from the department he cabled that Sperry, Bourke, Watson and wife, Mrs. Case, Joseph and Mary Eustace, Edwards and daughter and Taylor were all alive.

REFUGEES ARE INDIGNANT.

Condemn Inactivity of British Authorities at Kingston.

New York, Jan. 23.—American refugees here on board the steamer Prinz Eitel Friedrich, which sailed from the stricken city on Thursday afternoon last, the third day after the earthquake, were unanimous in condemning what they termed the inactivity and "utter inefficiency" of the English authorities on the island during the first days following the disaster. For three days or up to the day the Prinz Eitel sailed, they said, there was no semblance of order, and nothing definite done in the matter of relieving the sufferings of many of the wounded.

It was asserted that men and women who sought shelter on board the British steamship Port Kingston, which was chartered for Sir Alfred Jones and party from England, were put ashore and that the plea of the American refugees that the women of their party be allowed at least the privilege of sleeping on the open decks of the Port Kingston was refused "with great incivility." The wounded who had been taken on board the steamer for an asylum were put ashore the day following the earthquake, Tuesday, and were left on the railway wharf until cared for by the American naval authorities on Thursday.

The Prinz Eitel's passengers told of the great relief the arrival of the American squadron brought to the terror-stricken people and were amazed to hear of the rupture which has occurred between Governor Swettenham and Admiral Davis.

The protest of the American refugees against the conduct and behavior of certain officials on the island were voiced at a mass meeting on board the Prinz Eitel Monday when resolutions were adopted.

RESENTMENT INTENSIFIED.

Movement on Foot in Kingston to Demand Governor's Recall.

Kingston, Jamaica, Jan. 23.—The publication in the Daily Telegraph of Governor Swettenham's letter to Rear Admiral Davis has greatly intensified the resentment of the residents against the governor for rebuffing the tenders of American assistance, and there is a movement on foot here to demand the recall of the governor.

A small minority, mostly officials, support Governor Swettenham, and their views were voiced by the Rev. Mr. Graham, pastor of the Methodist church, who declared that the governor was justified in resenting the landing of Americans. "This is a British colony, not Cuba or a Spanish-American republic," he said.

The correspondent of the Associated Press sought Governor Swettenham and spoke to him of the Davis incident. The governor said that he had not invited Rear Admiral Davis to land sailors. Asked if he endorsed the action taken by Rear Admiral Davis, the governor replied: "That is a matter between myself and Rear Admiral Davis, to whom I must refer you."

The governor said that his reference in his letter to Rear Admiral Davis to a tramp pillaging the house of a New York millionaire was merely a jocular parallel.

A meeting of the relief committee was held here on the call of the governor, to discover the precise conditions attending the difference between the governor and the admiral. At the close of this meeting, and after having read Governor Swettenham's letter to Rear Admiral Davis, the Most Rev. Dr. Enos Nuttall, archbishop of Jamaica, sought the governor to talk the matter over with him, saying that if he found the conditions warranted he would send a personal explanatory cablegram to President Roosevelt. The archbishop was unable to see the governor, owing to the latter's absence at headquarters.

Jamaicans Not Ungrateful.

Archbishop Nuttall said to the Associated Press correspondent that he greatly regretted that any action had been taken which might make the Jamaicans appear ungrateful for the generous aid of the United States, while as a matter of fact they welcomed it warmly. He said he approved of the governor's desire to endeavor to inspire the Jamaicans with the sentiment of self-help, but that this was no excuse for the rejection of American aid.

"There yet remains much to be done to relieve the suffering of the people, to provide shelter for them and to prepare for the task of rebuilding the city," the archbishop continued, "in all of which American aid would have been of great assistance."

The archbishop deprecated the idea that Governor Swettenham's action would result in national animosity. "It was merely a result of the dictatorial character of the governor," he said. "His imperious manner, his frequent abuse of subordinates and his discourtesy to citizens have earned him great unpopularity, although otherwise he is regarded as a comparatively conscientious official."

There is much indignation expressed here at Governor Swettenham's action in docking the pay of government clerks who absented themselves from duty for the purpose of nursing sick or dying relatives. Last Saturday the governor suspended the free service of trains for the transportation of refugees into the country but at the urgent request of Archbishop Nuttall he consented to continue this free service for one week.

No sailors have been landed from the British cruiser Indefatigable, which has arrived here.

SHOULD APOLOGIZE OR RETIRE.

British View of Governor Swettenham's Course.

London, Jan. 23.—The incident arising from the exchange of letters at Kingston between Governor Swettenham and Rear Admiral Davis now appears to be entering the waiting stage, as the imperial government, after doing all possible in the absence of advice from the governor of Jamaica, is obliged to defer further action until he reports.

In the meantime the trend of official sentiment is toward having Governor Swettenham apologize or retire, but this is based on the press accounts of the incident, and on letters, and it may be modified by Governor Swettenham's version, giving extenuating circumstances.

In the absence of a report from the governor to his government, his dispatch to Secretary Root, which has been reproduced here, tends further to mystify the mind of the public, which finds it difficult to reconcile the governor's present recognition of the assistance rendered by the American squadron with the terms of his previous letter.

John R. Carter, the charge d'affaires of the American embassy, held a pleasant and informal exchange of views with the officials of the foreign office in the evening, but he was informed that absolutely nothing had yet been received from Governor Swettenham.

Respite for William Spauld.

Jefferson City, Mo., Jan. 23.—Governor Folk has granted a respite of twenty days to William Spauld, Jr., under sentence to be hanged at Centerville Jan. 17 for the murder of Sheriff Polk of Iron county. The respite was granted on account of an appeal from the habeas corpus hearing to the United States court of appeals granted by Judge Finkelnberg in St. Louis.

NELSON RE-ELECTED

SENIOR SENATOR FROM MINNEAPOLIS IS CHOSEN TO SUCCEED HIMSELF.

STATE SENATOR SCHALLER OF HASTINGS GIVEN THE DEMOCRATIC VOTES.

St. Paul, Jan. 22.—After a brief oratorical field day, both branches of the legislature called the roll on the election of a United States senator.

Knut Nelson of Alexandria and Albert Schaller of Hastings were the candidates of the two dominant parties, the latter being the offering of the minority, the Democrats. In the house the Prohibitionists put up the name of W. J. Dean of Minneapolis and the three representatives of that party there cast their votes for him.

Knut Nelson received 143 votes, 93 in the house and 45 in the senate. Four Republicans were absent in the house and two in the senate, but in the senate four Democrats joined the Nelson column. Each explained his vote and expressed a personal preference for Senator Schaller, but voted for Nelson in obedience to the wishes of his constituents. The four so voting were Farrington of Ortonville, Glotzbach of Faribault, Pauly of Minneapolis and Witherstine of Rochester. Cashman of Owatonna stayed by Schaller, as his pledge was only to vote for Nelson if Nelson needed it.

Senator Schaller himself voted for Frank A. Day, Ole O. Sageng, the lone Populist, after a speech full of humor and some serious criticisms of the great parties, voted for Governor Johnson.

Only one Republican made an apology for his vote. Senator J. W. Wright of Litchfield said that an explanation was due from him. The majority of his constituents were for Nelson. However, the party's convention and the party caucus had declared for Senator Nelson, and as a Republican he bowed to the mandate. Personally he had the highest regard for Senator Nelson, and voted for him with great pleasure.

Speeches eulogistic of the several candidates were the features in both houses. Each side chose its best orators for the occasion.

Would Increase Rate on Ore.

An increase from a flat rate of 25 cents per ton to a rate varying from 36 cents to \$1.45 per ton for iron ore mined on state lands is proposed by a bill introduced in the house by F. B. Wright of Minneapolis. At present mining companies leasing from the state pay a flat royalty of 25 cents per ton, regardless of the quality of the ore.

A state capitol board, composed of the governor, the state treasurer and the secretary of state is provided in a bill introduced in the house by J. W. Stokes of Minneapolis. The bill gives the board control of both the old and the new capitols.

The assessment of railroad companies for their share of the cost of public improvements is the aim of a bill introduced in the house by F. E. Nimocks of Minneapolis. At present the railroad companies pay no other taxes than their 4 per cent gross earnings taxes and cannot be assessed for improvements in cities and villages.

Telegraph and telephone companies are made common carriers and subjected to the supervision of the state railroad and warehouse commission in a bill introduced in the house by O. N. Thundale of Harmony. This bill with the bill introduced last week by O. F. Christensen of St. Paul placing electric railways under the railroad commission will give that body control of practically every public service corporation doing more than a local business.

To Nullify Contracts With Trusts.

The aim of a bill which L. C. Spooner of Morris introduced in the house is to make contracts with trusts and combines null and void. It provides that any contract for the purchase sale, exchange or barter, or for the manufacture or use of any article with a company existing in violation of the anti-trust laws of the state contained in Section 5168 of the new code, shall be void at the election of the person contracting.

Another of the proposed "uniform legislation" bills relating to life insurance matters was introduced in the senate by Senator F. R. Putnam of Blue Earth. This bill relates to the annual accounting and apportionment of the surplus of life insurance companies to policies issued on the deferred dividend plan.

Senator B. E. Sundberg of Kennedy introduced a bill in the senate which authorizes the state to levy an acreage tax on lands insured against loss by hail or wind to provide a fund for the payment of such losses. The payment of such a tax is made optional with the owner of the land.

The establishment of nine agricultural high schools and experiment stations is asked in a bill introduced in the senate by Senator A. D. Stephens of Crookston.

A determined effort to secure a separate training school for girls was started when bills for a state industrial school for girls were introduced in both branches of the legislature, in the house by L. C. Spooner of Morris, and in the senate by G. P. Wilson of Minneapolis.

WITHOUT MATERIAL CHANGE.

House Passes Diplomatic and Military Appropriation Bills.

Washington, Jan. 23.—In addition to listening to several speeches the house passed the diplomatic and consular appropriation bill, which carries over \$3,000,000, and the military academy appropriation bill, carrying \$1,915,483. Both these bills were taken up and passed without material change.

During the consideration of the diplomatic bill, speeches were made by Representative Sherley of Kentucky on the "treaty-making power," Representative Slayden of Texas, who urged a more liberal recognition of the South in the matter of diplomatic appointments, and by Representative Longworth of Ohio, who spoke in favor of the United States owning the residences of its foreign representatives.

COLD WAVE IN EUROPE.

Vienna Reports the Lowest Temperature Recorded in Fifty Years.

London, Jan. 23.—The cold wave which was recorded from continent has reached Great Britain. The temperature fell 20 degrees in a day and there is a boisterous Easterly gale, with threats of snow.

Almost the whole of Europe is now involved in this cold wave, a feature of which has been the suddenness of the fall in temperature in Western Europe. There has been a heavy fall of snow at Naples and in the Swiss Alps, while in Germany, Austria and Russia the severity of the weather is increasing and causing intense discomfort and suffering. Vienna reports the lowest temperature recorded in fifty years.

Automobile Tournament.

Ormond, Fla., Jan. 23.—Three five mile events for cars of all weights and powers, a mile event for the American championship for touring cars fully equipped, and a touring car test, marked the opening of the fifth annual Ormond-Daytona international automobile tournament. The steam cars had a runaway match of it. The American championship for touring cars fully equipped was won by Durbin, a 20-horsepower steam car, in 53% seconds.

Five Firemen Injured.

Denver, Jan. 23.—Five firemen, including Chief John Dulmage, were injured at a fire in the Western Electric company's warehouse here. Loss, \$75,000.

Mr. and Mrs. C. W. Eastman and son Edward Blake, left today noon for an extended trip through the west. They will visit points in Idaho, stop at Spokane and visit in Portland before returning. They go on account of Mrs. Eastman's poor health and many friends here hope she may find great benefit.

Harry Short, principal comedian with the "Yankee Consul," was in a like position with the "Casino Girl" company when it opened the Brainerd opera house some five years ago. Short made a big hit here in his song "I am so Tired." The seat sale has been good and prospects are fine for a large house tonight.

H. W. Mason, the Bell coffee man was a business visitor in the city yesterday, and informs us that on no previous occasion has he received such large orders for the famous Bell coffee, as on this trip. He said, their sale is growing at a rapid pace, and if it continues to grow as it has in the past, which it no doubt will, there will be more of the Bell coffee sold in Brainerd than of several other brands combined. It is the old story repeated of quality coming out over everything else. 198tf

THE TENDER

JUMPED TRACK

No. 10, Which Left Here for the Twin Cities at 5:45, Derailed At Buffalo Creek

BUT NO ONE WAS HURT

Conductor Jernegan Walked to The City and Reported Accident to Train

Passenger train No. 10, which left here this morning at 5:45 for the twin cities, was derailed at Buffalo Creek. The trucks of the tender jumped the track but fortunately the rest of the train held to the rails and the engine was brought to a stand still without further damage being done. Conductor Jernegan, seeing that it was impossible to get the train back on the track without assistance, walked to the city and reported the accident. An engine was sent out to bring in the train, returning with the passenger and baggage cars about 9 o'clock. Help was then sent to replace the engine. The result of the accident was very fortunate as a bad wreck might easily have occurred had the cars followed the tender from the rails.

Some people call coughing barking. I see no reason why they should do either one or the other and they never would if they would only get a bottle of Skaugs's never cough, a medicine which never fails to break up the worst cold going. No cure, no pay. Skaugs's the Laurel street druggist guarantees it. 187tf

ANOTHER WEEK OF MEETINGS

Local Preachers Induce Revivalists Riley and Martin to Continue Meetings

At a joint meeting of the laymen and clergymen prominent in the tabernacle revival, it was decided to continue the meetings another week, and to this end Dr. Riley and Professor Martin have yielded to the request and will stay. Thus far the services have been helpful to church members, while several hundreds have been helped into a Christian experience; but it is hoped that before the close of this week and next the revival influences will have gone deeper and spread farther abroad.

On every side so many regrets have been expressed that the revivals should close after only three weeks' labor, and the success which has come in such a short time, they said would certainly justify an extension of time and effort.

TUESDAY'S MEETINGS

The morning prayer meeting saw a good audience, while the afternoon meeting was the largest one yet held. Dr. Riley discoursed upon the "Call of Abraham from Chaldea to Canaan," and was listened to with deep attention and profit. The speaker dwelt at length on the thought as to how God speaks to men from time to time; that inspirations, visions, voices and calls were experienced by men that could not be explained by any laws of mental phenomena; that Abraham's faith was not partial, hence his success as he took his pilgrimage; that history proves that as a result of his journey and the progress and greatness of the Hebrew people, that all the nations of the earth had been blessed.

SO DECEPTIVE.

Many Brainerd People Fail to Realize The Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing.

Learn the cause—then cure it. Nine times out of ten it comes from the kidneys.

That's why Doan's Kidney Pills cure it.

Cures every kidney ill from backache to diabetes.

Here's a Brainerd case to prove it: Ed. Oechaine, of 601 Fifth St. S., Brainerd, Minn., says: "Hard work brought on a disturbance of the kidney action and I suffered considerable backache at times. This condition led me to go to H. P. Dunn & Co.'s drug store where Doan's Kidney Pills were advertised and get a box which I used according to directions. The backache was quickly banished and the kidney secretions were regulated. I gladly recommend such a valuable remedy to people of Brainerd."

STOCK ISSUE POSTPONED

SPECIAL TO THE DISPATCH.

St. Paul, Minn., Jan. 23, 1907.—Judge Hallman of the Ramsey county district court today postponed the cutting of President Hill's Christmas melon indefinitely. The injunction asked for by the state through Attorney General Young was granted which means the sixty million dollar stock issue cannot be made until the case has been through the supreme court. The Great North-erd will at once appeal to that court in the hope of getting the case on at the April term, in which case a decision may be obtained early in the summer. The injunction filed today by Judge Hallman continues until the litigation is ended or some further order is made by the court.

One of the worst fires in some time occurred in Brainerd last evening. As a result the entire Citizens' State bank corner, clear to the alley on the south and to the wooden building occupied by A. P. Raymond, is a mass of ruins. The total loss is near \$50,000 with an insurance of a little over \$16,000.

The alarm was turned in just as the clerks were getting ready to close up for the night. It proved to be from the grocery store of Brockway & Parker in the Reilly building on Sixth street. The smoke was first seen coming from the basement by M. J. Reis, whose dry goods store occupies the south half of that building. He rushed to the basement to discover the source only to be driven back by the smoke, which rolled up in such volumes as to force him and his clerks to leave the store without even securing the books. The smoke also poured up into the grocery store of Brockway & Parker but they succeeded in getting out their books before being forced to leave the building.

The fire boys turned out promptly, but were unable to get into the building because of the intense smoke which rushed out of every crack and crevice in the building. The building was a brick veneer and the smoke went up between the walls and the plastering so quickly that the families of M. J. Reilly and H. P. Dunn, who occupied the second story of the building were compelled to fly for their lives and were unable to save anything. The boys fought stubbornly for nearly four hours with hope of success in their efforts to confine the flames to that building but it proved impossible and shortly before ten o'clock the flames appeared in the windows of the Citizens' State bank and about the same time broke out in the rear end of of R. Parker's dry goods store.

Shortly after the fire broke out the occupants of the adjoining building be-

gan to move out. The stock of A. F. Sorenson, the jeweler, was nearly all carried into Johnson's Pharmacy, as were the contents of the law offices on the second floor of the Citizens' State bank building. The stock of Wm. Graham's music store on the first floor was removed to a place of safety but he had a room on the second floor which was stored with sewing machines and graphophones which were all destroyed.

When it became evident that the bank building was bound to go a force of men set to work taking out the bank fixtures which were taken to a place of safety and the radiators and plate glass were also removed. R. Parker was a heavy loser. The upstairs of his building was recently refurnished in hard wood and he lost his entire household goods. A portion of the dry goods stock was carried out but the loss is heavy. The jewelry store occupied by A. P. Raymond was also scorched, the stock having been all removed to a place of safety. It was owned by R. Parker. The fire boys stayed by the fight against the fire for six hours and finally checked it, saving the small wooden building occupied by A. P. Raymond almost intact. The fire was very stubborn and characterized by unusually heavy smoke, which together with the cold made it a very severe test of the endurance of the firemen.

The ruins of the bank building are sheeted with ice and the sidewalk is heaped with it. The cellar of Johnson Brothers' bakery is flooded with water to the depth of two and one-half feet. They have a large amount of canned goods in the basement but hope that it is uninjured. The labels will all be spoiled doubtless, but it was in cases and is for their own use in baking it can be kept sorted out and will probably be of some value.

FIRE NOTES

Mrs. H. P. Dunn and little Joe were driven out by such fierce flames that she was only able to catch up a sack of money that was in the room and grab a wrap for herself and little one.

The Misses Reilly grabbed an armful

of wraps which were thrown in Brockway & Parker's sled and taken to the Brockway home. This was all that was saved out of their elegant home.

Had the fire broken out in the night it would almost have been a miracle if there had not been loss of life.

C. D. Johnson enjoyed a laugh at the expense of Attorney A. D. Polk, who carefully carried a pint bottle half full of ink down to the drug store and then spilled it on the floor. Charley says he would have given Mr. Polk another bottle of ink if he had left that one in the flames.

The fire boys did good work last night and had good pressure, but owing to both buildings being brick veneer they were unable to get at the fire.

The restaurants and lunch counters did a rushing business last night. A short season in the cold fighting or watching the fire was a first-class appetizer.

The burglar alarm in the Citizens' State bank worked overtime, the heat setting it going about nine o'clock last night and it was still attracting attention this morning.

The large volume of water turned onto the fire resulted in the flooding of the basement in the Walker block in which is located the telephone exchange and Johnson Bros. bakery. The three feet of water put out the fires and it was necessary to pump out the basement before the heating apparatus could be put in operation this morning.

The one story frame building which has stood for many years and is an old landmark escaped the flames although the fire burned right up to it. Many of the onlookers advised the wrecking of this building in order to make sure of stopping the progress of the flames, but the fire boys did the work with water.

The freight depot furnished shelter for the Parker stock, the bank fixtures and much of the salvage from the other buildings.

DIED VERY

SUDDENLY

Mrs. Elizabeth Cessins, Died
Suddenly of Old Age Early
Tuesday Evening

WAS A STRANGE COINCIDENCE
Death Occurred During Fire
Which Destroyed Property
Of Her Children

Mrs. Elizabeth Cossins, mother of Mrs. R. Parker and Mrs. A. P. Raymond, died very suddenly early last evening. By a very curious and strange coincidence death came just when the relatives, except Mrs. Raymond, with whom she lived, were engaged in trying to save the property of Mr. Parker and Mr. Raymond which was endangered and much of it destroyed by the fire. It was currently reported that it was the shock of the news of the fire which caused death, but such was not the case. She had heard nothing of the fire, nor was it known at the house at the time.

Elizabeth Ostler was born in Upline, Devonshire, England, on June 25, 1815, and at the time of her death was nearly 92 years of age. She was married at Crewkern, Devonshire, on March 22, 1832, to Wm. Cossins, who died in England about forty years ago.

To them ten children were born, of whom four survive. They are Mrs. Elizabeth Parker, of this city; Mrs. Jane Gilkes, of Chicago; Mrs. Emma Raymond, of this city and Joseph Cossins, of London, England. Mrs. Cossins came to America with Mr. and Mrs. A. P. Raymond in 1893, living with them in Brooklyn, N. Y., until about six years ago when she came to Brainerd with them and has since made this her home.

No funeral arrangements have been made pending a reply to a message sent Mrs. Gilkes. The bereaved relatives have the sincere sympathy of the community.

How to Avoid Pneumonia

You can avoid pneumonia and other serious results from a cold by taking Foley's Honey and Tar. It stops the cough and expels the cold from the system as it is mildly laxative. Refuse any but the genuine in the yellow package. H. P. Dunn & Co. mwfwd

WILL REBUILD IN THE SPRING

Probable that a Fine Brick Building will Replace Burned Structures

BE UP TO DATE BUILDING

Tenants are Seeking Quarters
In Anticipation of Re-
building

While it is too early to announce any definite plans regarding the rebuilding of the burned district it is practically certain that the site will be adorned the coming season with one of the best buildings ever erected in Brainerd.

President M. T. Dunn, of the Citizens' State bank, when approached by THE DISPATCH representative in the matter said that while it was too early to make or announce any detailed plans he should certainly put up a first class solid brick building which would be up-to-date in every respect.

M. J. Reilly also stated that it was too early to make any definite plans but it is his intention to rebuild and of course the structure will be of the very best.

R. Parker, when seen by a DISPATCH reporter concerning the matter of rebuilding, stated that if the others rebuild he should certainly do so also.

The business men who were burned out have been seeking temporary quarters today and expect to be in business in full swing by tomorrow, with the exception of Mr. Reis, the owners of the buildings urging them not to secure permanent quarters, but wait for a new building to be erected.

BOUGHT DYKEMAN OUT

Brockway & Parker, with their usual hustle at once closed a deal for the J. F. Dykeman stock and filled their orders out of that stock this morning. They will invoice the goods tonight. They purchased the stock on an invoice basis and will rent the building.

A. D. Polk has rented a suite of rooms in the Wise block, being in the southeast corner of the building on the second floor.

The Citizens' State bank is moving into the Fitger building at the corner of Laurel street and South Broadway and will be doing business as usual tomorrow morning.

R. Parker has rented the O'Brien building on Laurel street, formerly occupied by the McColl Bazaar and has moved his goods in there.

A. P. Raymond is the only one able to move back into his old quarters. He will be as snug as ever in a few days.

Wm. Graham has rented the store in the Wise block formerly occupied by A. V. Snyder and moved his stock in there this afternoon.

A. F. Sorenson has rented a portion of one side of the Skaug Drug Co.'s store on Laurel street and will be ready for business there tomorrow.

C. A. Allbright has about determined to rent offices over the Citizens' State bank quarters in the Fitger building.

M. J. Reis has not yet determined upon quarters but will open up again as soon as he can get a new stock of goods here.

AMUSEMENTS

"The Yankee Consul" Tonight

The Brainerd opera house will have a noteworthy attraction tonight in "The Yankee Consul," the musical satire which enjoys the distinction of being the most popular comic opera offering of modern times. "The Yankee Consul" differs from stereotyped comic operas, marking a distinct innovation in fun making vehicles. Its phenomenal success in the past as evinced by the record breaking audiences drawn in the larger cities demonstrates its remarkable popularity and seemingly the play is destined to become one of the longest lived operas ever presented. The book is by Henry M. Blossom, Jr., who has laid the scenes in the tropical isle of San Domingo and who has woven an interesting tale of romance and political life in that tropical isle.

FORAKER RESOLUTION

PASSED BY SENATE AFTER SUBSTITUTION MEASURES ARE VOTED DOWN.

DOES NOT AFFECT PRESIDENT

INVESTIGATION OF THE BROWN-VILLE AFFRAY TO BE LIMITED IN SCOPE.

Washington, Jan. 23.—The senate passed the compromise Foraker resolution authorizing the committee on military affairs to investigate the facts of the affray at Brownsville on the nights of Aug. 12 and 14 last, "without questioning the legality or justice of any act of the president in relation to or connected with that affray."

This action came after the subject of the president's discharge of the negro troops had been under consideration almost daily since the first day of the present session of congress and every phase of the question had been discussed on all sides. Before the adoption of the resolution several substitute measures were voted down. One by Senator Mallory, declaring that the president had authority for his course and acted justly, was tabled by a vote of 43 to 22. Another, by Senator McCumber simply providing for an investigation without reference to the president in any manner, was tabled by a viva voce vote. A third, by Senator Culberson, simply endorsing the president's action and providing for no investigation, was tabled by a roll call vote of 46 to 19.

There was no record vote on the resolution adopted.

Senator Sutherland occupied the first three hours of the day's session delivering his first speech in the senate. It was in behalf of the right of Reed Smoot, of his own state, to a seat in the senate. The Brownsville debate then followed, senators taking the opportunity to explain the vote they should cast on the resolution.

Newspaper Carriers Must Pay Fare.

Washington, Jan. 23.—The interstate commerce commission in an opinion by Commissioner Harlan holds that men employed by newspapers to assort newspapers on special trains may not lawfully be granted transportation.

LUMBERMEN BOUGHT CARS.

Paid Railway Employees to Deliver Them.

Seattle, Wash., Jan. 23.—Evidence indicating that lumbermen have been paying money to railroad employees to have cars "spotted" on their tracks was introduced before Interstate Commerce Commissioner Franklin K. Lane at the hearing in the car shortage session.

Charles E. Patton, president of the Reliance Lumber company, made a statement to that effect during his examination. Mr. Patton had been giving some facts and figures showing that there was an apparent discrimination in the distribution of cars at Tacoma among the mills.

"How do you account for this discrimination?" asked Commissioner Lane.

"Only that somebody was buying cars," replied the witness.

"The price of cars runs from \$10 to \$5 a car. Some weeks ago the superintendent of our mill at Tacoma saw a very large car being switched around. He asked the conductor if we were going to get that car. The conductor asked him how much it was worth to him. The superintendent said to him that while we wanted that car pretty badly we were not going to pay for it. The conductor said that it was worth \$10 to him and we did not get the car."

On cross-examination E. J. Cannon, attorney for the Northern Pacific, wanted to find out the names of shippers who had paid for cars and the names of employees who had received the money.

Commissioner Lane demurred about going into the matter, and remarked that that was a matter for the railroad company to investigate.

A multitude of witnesses testified before Commissioner Lane about the car shortage and crippling effect it had upon the industries of the state.

No attempt was made to dispute the car shortage by the railroad attorneys. They sought to show, however, that the present paralysis of traffic is the result of the floods in November.

MUTILATED BODY FOUND.

Mystery Surrounds Ghastly Tragedy in Indiana.

South Bend, Ind., Jan. 23.—The naked and terribly mutilated body of Vernon Heston was found hanging from a rafter in a shack at Mud Lake, a few miles northwest of South Bend. Certain portions of the body had been cut away. A bloody butcher knife lay on the table near by. To add to the mystery the door and windows of the shack were locked from the inside. Those inclined to the murder theory hold that Heston could not have hanged himself had he inflicted the terrible wounds.

THE FARMER'S WIFE

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating sores or ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing distress in stomach, constipated or irregular bowels, sour or bitter rising after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid, or lazy liver with the usual accompanying indigestion, or dyspepsia and its attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's

Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement it is useful."

Dr. Pierce's Favorite Prescription faithfully represents the above named ingredients and cures the diseases for which they are recommended.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.

BAILEY AGAIN CHOSEN

TEXAS LEGISLATURE RETURNS HIM TO THE UPPER HOUSE OF CONGRESS.

WINS OUT BY BIG MAJORITY

ONE HUNDRED AND EIGHT VOTED FOR HIM AND FORTY-FIVE AGAINST HIM.

Austin, Tex., Jan. 23.—United States Senator Joseph W. Bailey was re-elected from this state by a total vote in the state legislature of 108 to 45. In the senate the vote was 19 in favor of Senator Bailey and 10 against him, and in the lower house Senator Bailey received 89 votes and 35 were cast against him.

The vote in opposition to Senator Bailey represented a scattering vote, cast for Cecil Lyon, the Republican nominee; Governor T. M. Campbell, former Representative A. W. Tyrrel and other prominent men of the state. In the house seven members present did not vote and two were absent.

The vote necessary to an election is 83 votes and the result returns Bailey to the United States senate for a term of six years. The two houses will meet in joint session to caucus the vote.

The opponents of Senator Bailey made an effort in the house to secure the adoption of a resolution providing that should the legislature vote unanimously for the election of Senator Bailey the latter should submit his name to let the people vote in a special primary to be held within the next thirty days for a review of the charges preferred against him and that should the result be adverse to him he would resign. This proposition was not accepted by the friends of Senator Bailey and its further consideration was voted down by a vote of 59 to 51.

The special investigation committee of the two branches of the state legislature is engaged in considering the charges against Senator Bailey.

SENATORS FROM OREGON.

Fred W. Mulkey and Jonathan Bourne, Jr., Chosen.

Salem, Ore., Jan. 23.—Fred W. Mulkey, Rep., of Portland, was elected to the United States senate for the short

term and Jonathan Bourne, Jr., Rep., of Portland, for the long term. The legislature in joint session will ratify the election.

The election occurred on the first ballot and was practically unanimous, as among the 87 members present in both houses there were only four or five dissenting votes.

The election was the first illustration of the working out of the law providing for an expression of choice for United States senator by the electorate of the state.

GAMBLE SUCCEEDS HIMSELF.

Re-Elected United States Senator From South Dakota.

Pierre, S. D., Jan. 23.—The senate met at noon and cast the full Republican vote for Senator Gamble, the Democrats giving an empty honor to ex-Governor Lee of Vermillion. The house met at 2 o'clock and Senator Gamble received the full insurgent and a large part of the stalwart vote.

Senator Tillman Again Elected.

Columbia, S. C., Jan. 23.—Both houses of the legislature re-elected Benjamin R. Tillman to the United States senate. The election will be confirmed in joint session.

ENGINE HITS A CABOOSE.

Seven Laborers Killed and Several Others Injured.

Albany, N. Y., Jan. 23.—Seven men were killed and at least fifteen injured on the New York Central, Mohawk division, about half a mile west of the city by the collision of a light engine with a caboose filled with railroad laborers. The workmen, about twenty-five in all, had been at work at Karners, between here and West Albany, and were on their way back to this city. The caboose was being pushed by an engine and the colliding locomotive going west crashed into the car.

All the men killed were residents of this city or Rensselaer and most of them were Italians.

Four men were killed outright and a fifth died immediately after being taken from the car and two died in a hospital.

After the collision the wrecked caboose took fire, but both living and dead had already been taken from the wreckage.

Calendar Cleared for Thaw Trial.

New York, Jan. 23.—The calendar of the criminal branch of the New York state supreme court has been cleared for the trial of Harry K. Thaw. The Thaw case stands next on the calendar and there appears to be nothing to prevent the opening of the trial as scheduled.

Dixon Succeeds Clark.

Helena, Mont., Jan. 17.—Congressman Joseph M. Dixon, Rep., of Montana, was formally elected United States senator to succeed W. A. Clark of Butte. Senator-Elect Dixon addressed the assembly. He declared himself in favor of the nomination of senatorial candidates in state party convention and pledged himself to support President Roosevelt.
